Docket No. 98N-1265 99 MAY -4 P2:33
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am a 50 year old female going through hormonal changes for the past 4 years - I've been to 3 doctors, and tried every form of HRT, but suffered debilitating headaches and other menopausal symptoms to no avail - Until I heard about Madison Pharmacy & tried their compounded medication (progesterone) the relief was dramatic, and I've been able to live a normal, healthy life as a result.

PLEASE - Don't restrict this availability to me, and others like me - my doctor has prescribed this medication - It is not available from commercial mixtures, or any local pharmacies.

Please fold, seal, and mail by June 1
